You're already considering such a thing?
I'll have to find a job once I'm back...

Even though we've defeated the Demon King, life doesn't end here.
It's critical.
Our life stretches far beyond this.

Looks like the Royal Capital's in sight.
This is our hero party's triumphant return.
I am sure they are all excited, hm?

Perhaps.

I suppose you make a point.
You're a priest...
A job where you can drink would be nice, hm?
Work, huh...?

Frieren.
The road ahead for you is so long
that it's beyond our imagination, hm?

Hero Himmel.

Mage Frieren.

Priest Heiter.

Warrior Eisen.

A peaceful era will now dawn upon this world.

You've done well defeating the Demon King.

It seems the King is going to get statues of us erected in the plaza.

Now now. Frieren.

We can drink alcohol for free now, so is that not more than enough?

Well, I have strong doubts on whether or not they'll be able to faithfully reproduce a handsome man like me though.

Heheh

He is a calculating man. Especially considering that we were only given ten coppers when we set off on our voyage.

Hahaha.

You Corrupt Priest.

Yes it is.
This marks the end of our adventure.

...It's all over, hm?

Ten years, hm...?
A lot has happened in that time, has it not?

Had we not been careful, our adventure would've ended then and there, wouldn't it?

Do it

Shall I lick your shoes?

Whaaa

I will properly teach them a lesson!

Even on the day of departure, Himmel and Eisen were going to be executed for being impertinent to the King.

And that would happen to him once every week.

He is doomed, huh...

Your face looks like a zombie, are you all right?

...He is doomed.

There were also times when Heiter would be totally useless after getting a hangover, hm?

They said this place was riddled with traps, but to think that it was actually true...

Its dark in here!! And scary!!

Why dont we leave this elf here?

We considered leaving you behind when you got gobbled up by a mimic.

On that note, I was outstanding-

But still, it was fun.
I'm glad I could adventure with you all.

Geez.
It seems we've only ever had ridiculous memories.

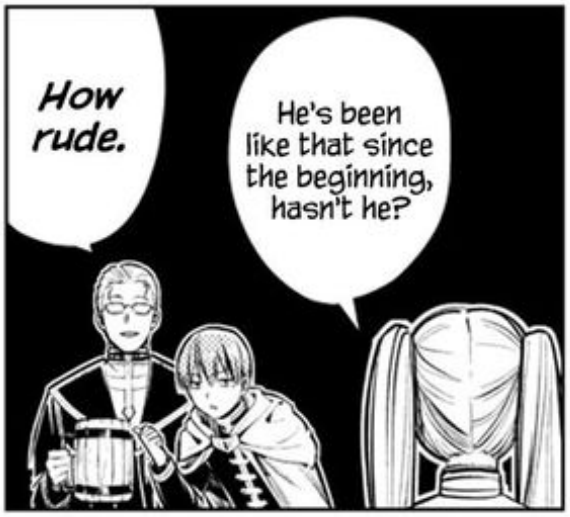
Yes.

Short?
What do you mean?
It was ten years, you know?

It was short though.

It won't be long now, will it?

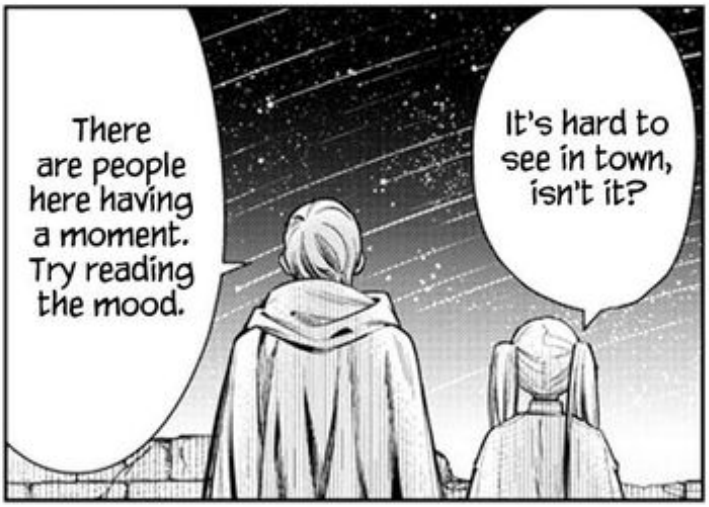
How rude.
Look at Heiter.
He's totally reaching that age.
Pitifully



How rude.
He's been like that since the beginning, hasn't he?

The "Era Meteors," I believe they are called.
A meteor shower that happens once every fifty years.

A perfect beginning to a peaceful era.



There are people here having a moment. Try reading the mood.
It's hard to see in town, isn't it?

How majestic.

Fifty years later.
I know a place where we can witness it even more beautifully,
so I'll take you all there.

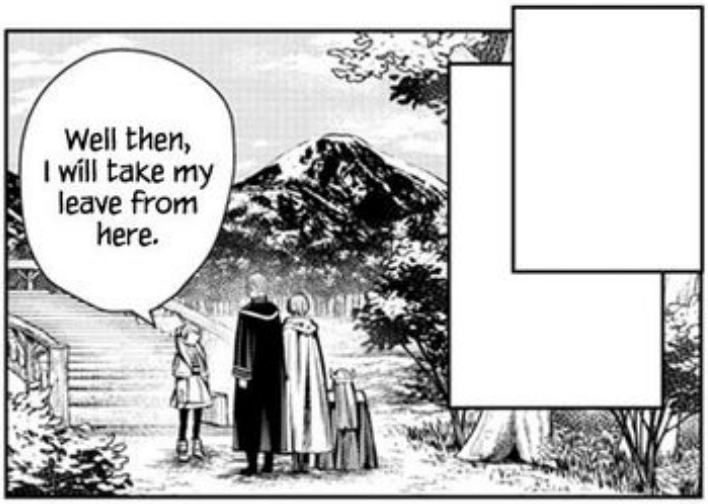
Well then, next time.

...Nah,
it's nothing.

What?
...Heheh.

And yes,
let's all watch it together.

What are you going to do after this?



Well then, I will take my leave from here.

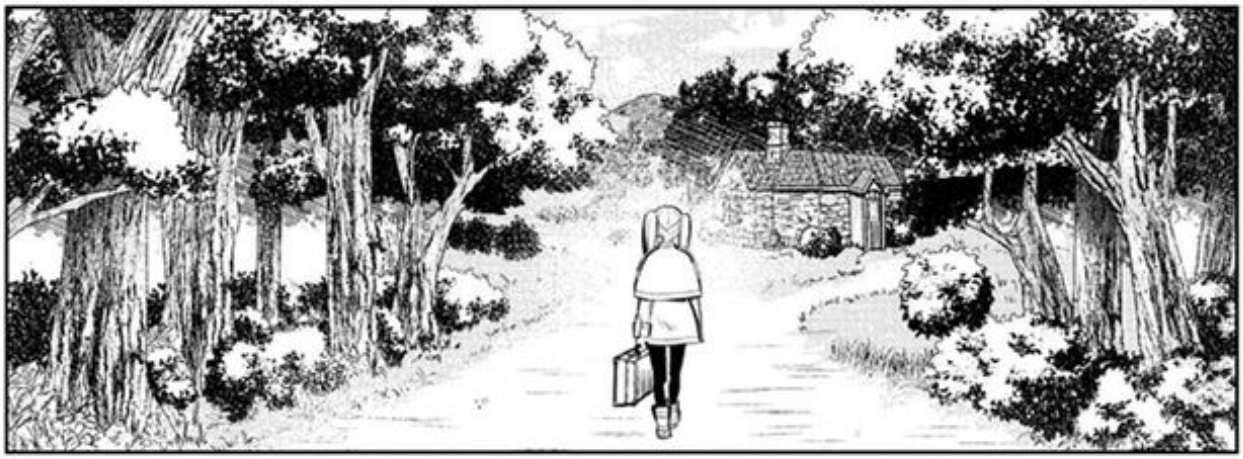
But well, I'll occasionally show my face around here.

I'm going to continue acquiring magic.
Since I plan to explore the central provinces for a century.

Even if fifty or a hundred years pass, it's probably just another day to her.

Just how long has she been alive, I wonder?

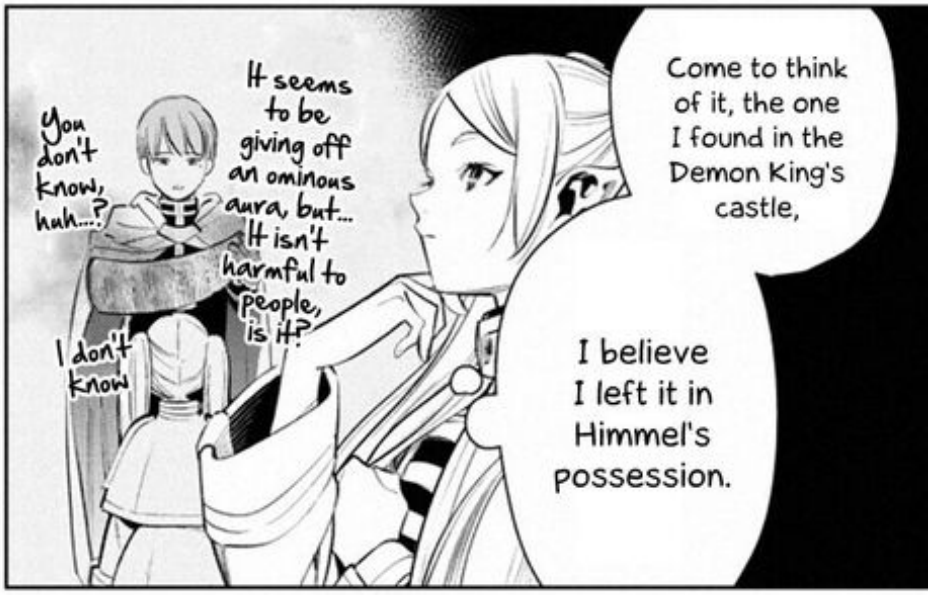
We cannot perceive an elf's feelings, hm?



...Is that so.
And I haven't even seen a Darkness Dragon for twenty or thirty years now.
That's concerning...
I was going to use it for summoning too...

Darkness Dragon horns?
I don't deal in those here.

It's almost time for the Era Meteors,
so maybe I'll take this opportunity to drop by and pick it up...



Come to think of it, the one I found in the Demon King's castle,
I believe I left it in Himmel's possession.
It seems to be giving off an ominous aura, but... It isn't harmful to people, is it?
You don't know, huh...?
I don't know

The townscape's changed considerably since I was last here, huh...?

I'm pretty sure he was around here-

...Frieren?

Himmel...

Aren't I still rather handsome despite growing old?

You're all decrepit now...

Isn't that a bit harsh?

It's been fifty years, hasn't it? And you still look not a day older.

...And here I thought I wouldn't be able to see you ever again.

The Era Meteors, huh...? How nostalgic.

Since an ominous aura's been seeping out of that drawer since forever ago.

...I'm... sorry.

Also, about the thing I found in the Demon King's castle...

The Darkness Dragon's horn, you mean.

I haven't forgotten about it for even a moment.

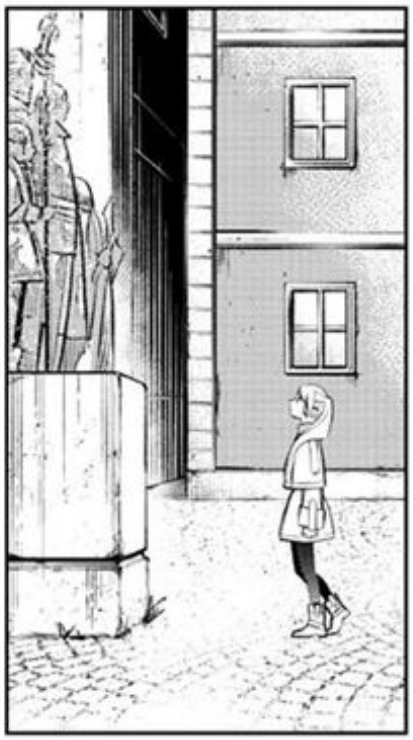
It would've been perfectly fine if you had just thrown it into some shed, and yet...

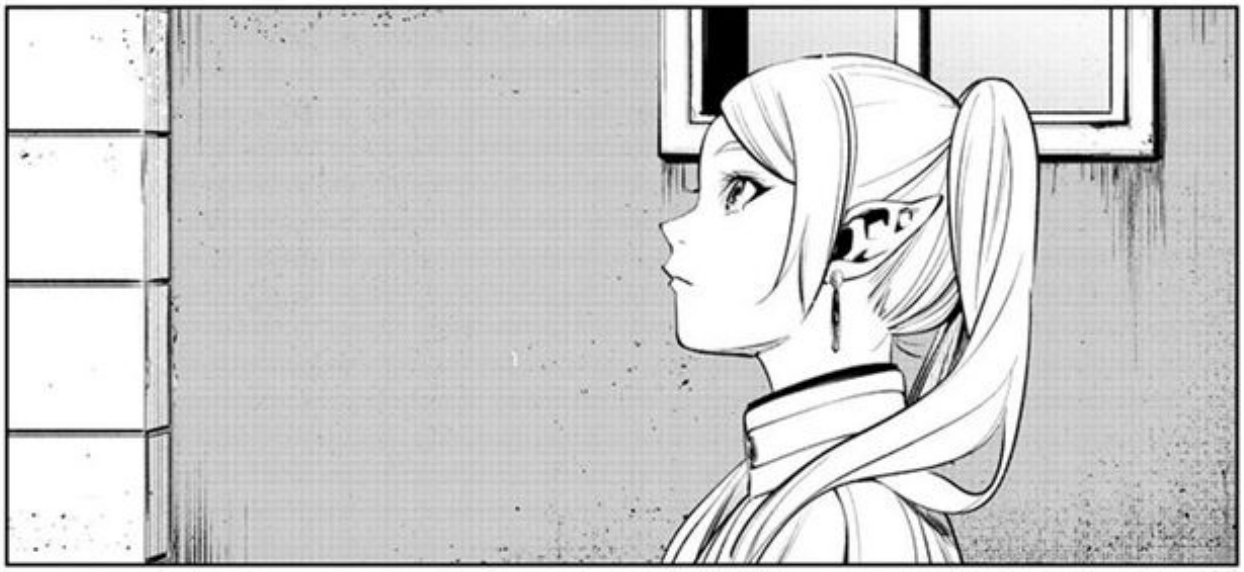
I can't do that.

It's something that I'd eventually return to you like this.

For me, it is treasure that my beloved comrade left to me for safekeeping.
For you, you may have left it to me without thinking much of it, but...

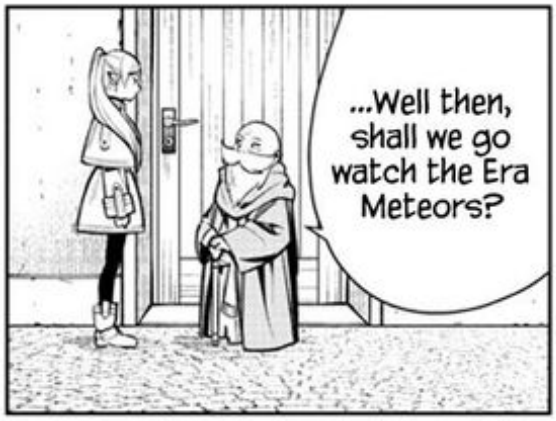
It's not that big of a deal, though...



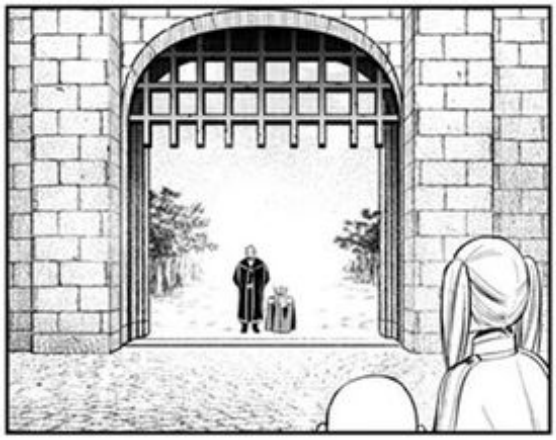


You're bald now, so there's no point fussing over it.
Even baldies have to maintain their look.

Himmel, are you ready yet?



...Well then, shall we go watch the Era Meteors?



That is because I am a bishop at the Holy City now.
You've become a lot more dignified, Heiter.

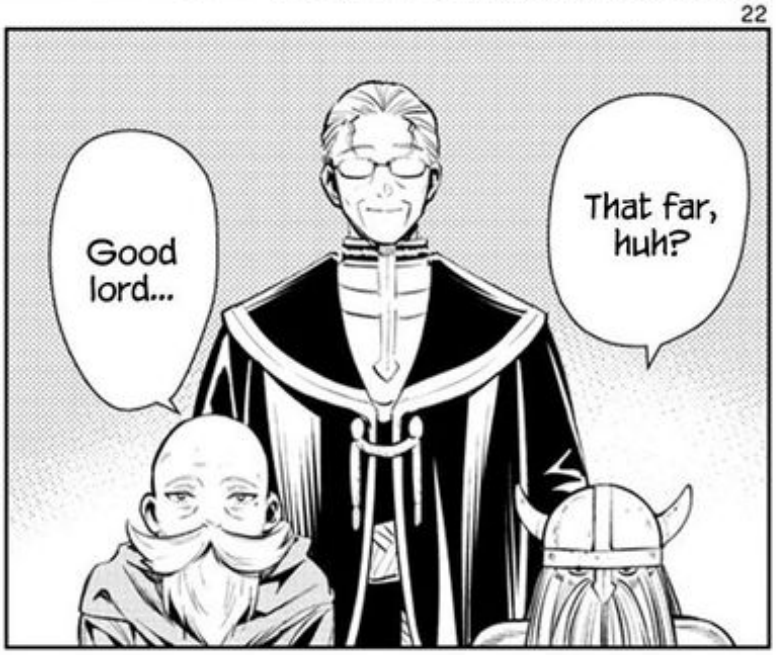
Is that so.
Eisen hasn't changed much, has he?
That's dwarves for you
So that's how it seems.

Don't stroke my head.
You have not changed one bit, hm?
Ha ha ha
ぐしぐし

Yes.
Since it is a week's walk from here...

Are we going now?
Well, where is this place that you said we could get a nice view from?
I believe it is still a little early until the Era Meteors, though...

That's elder abuse.



Good lord...
That far, huh?

How nostalgic. It feels like we've gone back to those days.

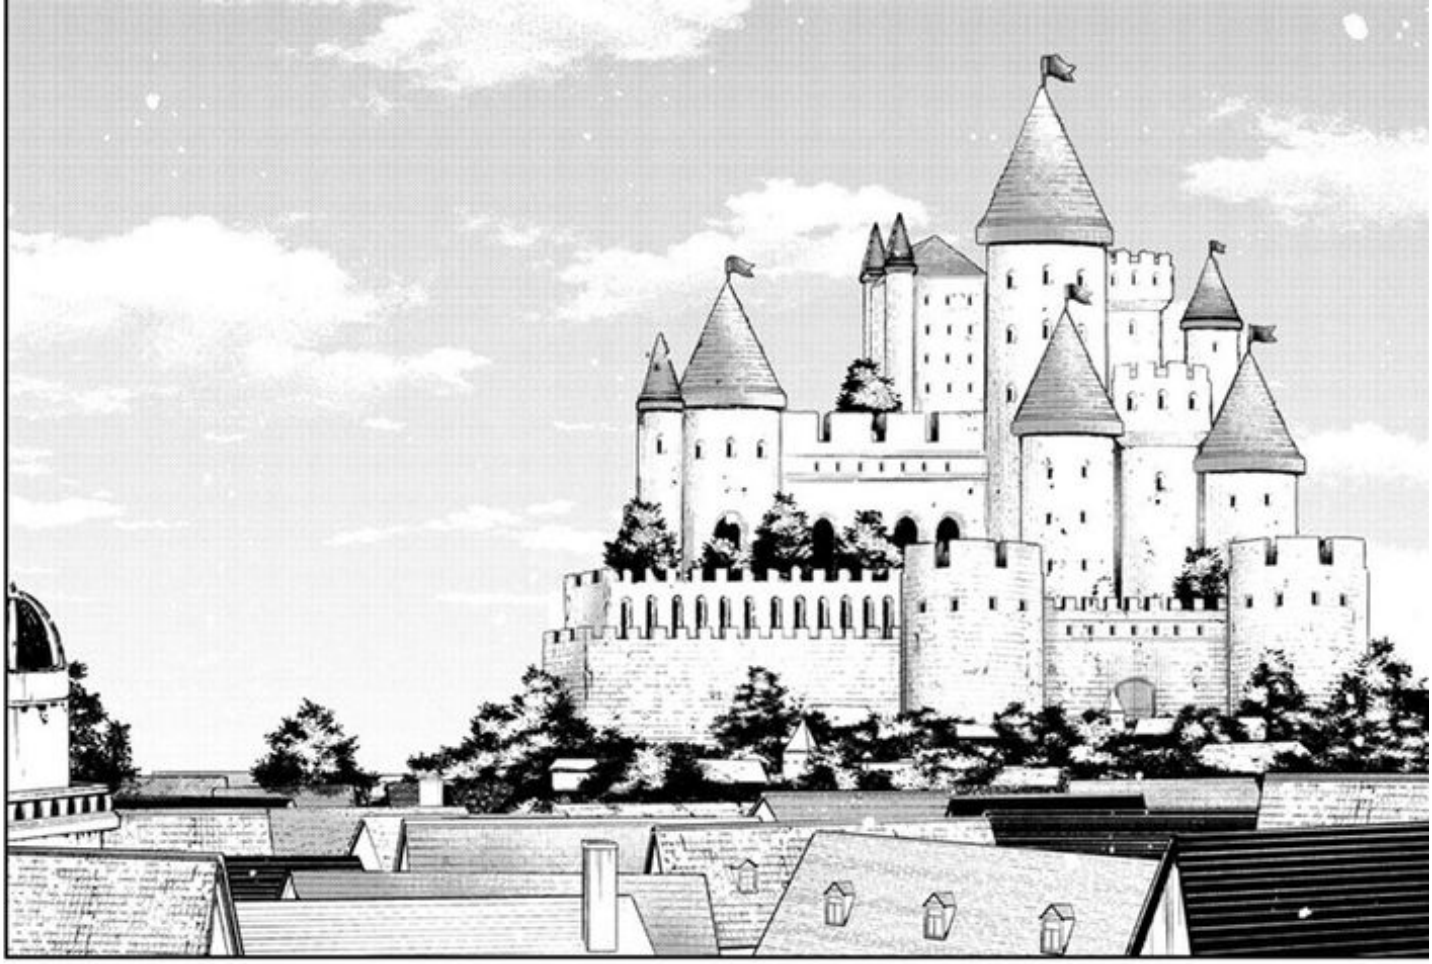
We ventured to many places, didn't we?

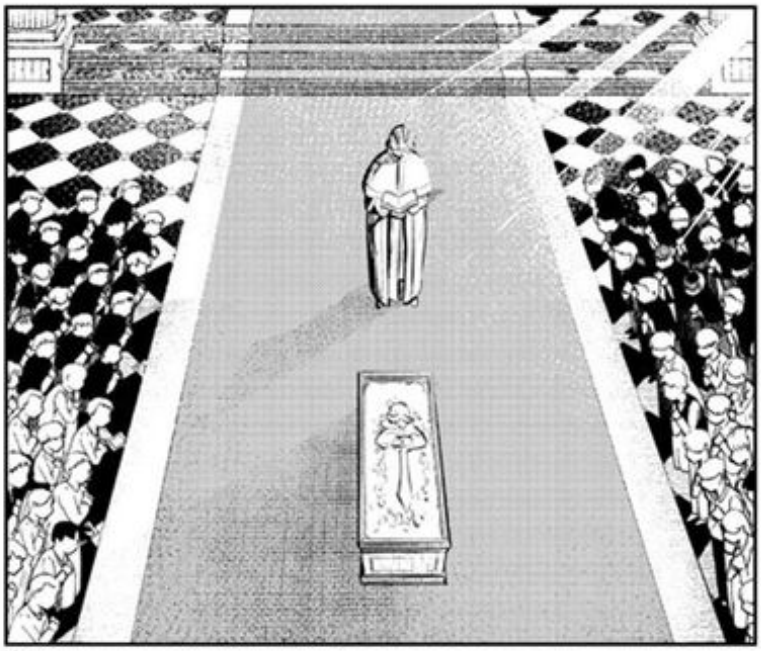
Everything sparkled to my eyes like new.

And my comrades were always a part of those beautiful memories.

So thank you, Frieren.
Because of you, we managed to have a really fun adventure in the end.
I... had been hoping for a day like this where we could all reconnect.

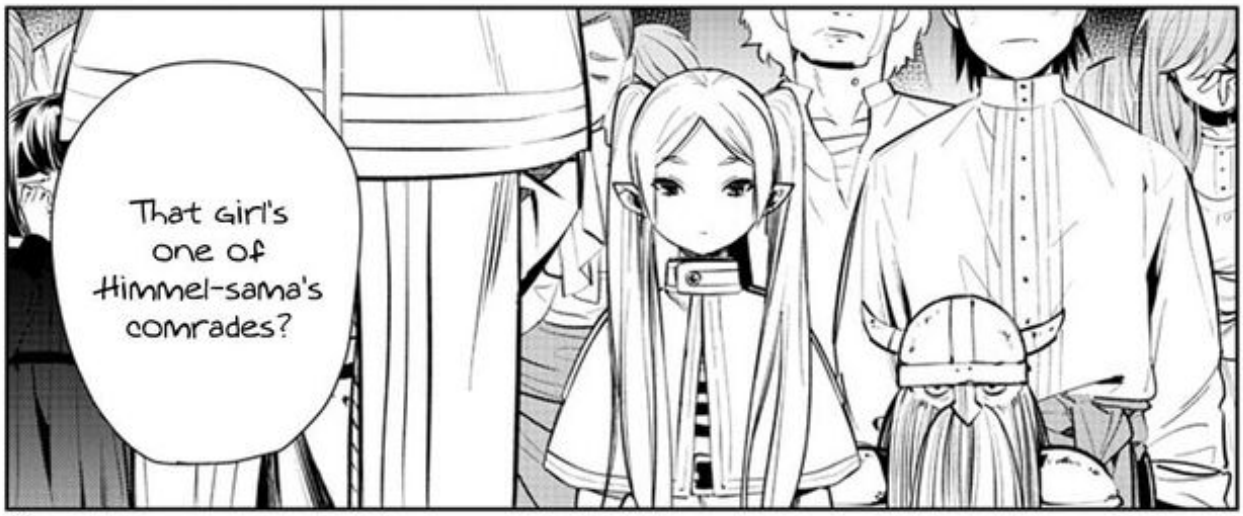
How majestic.



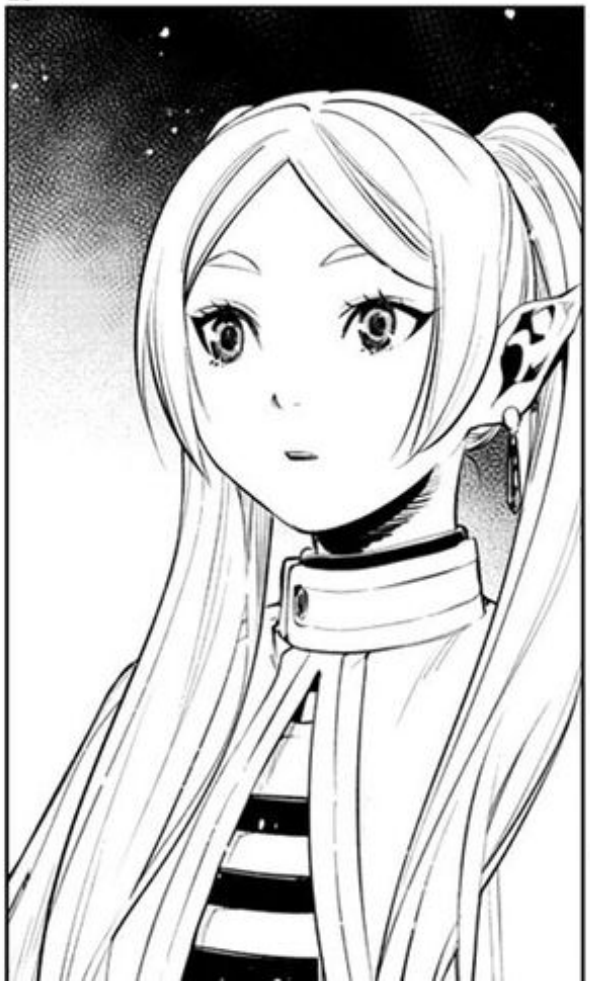


Perhaps so...

I believe that Himmel was happy.



That girl's one of Himmel-sama's comrades?



Not showing a hint of sorrow...
How heartless.

Hahaha. How harsh.
BISHOP, BE MORE SERIOUS!
カーン
YOU HEARTLESS MAN!

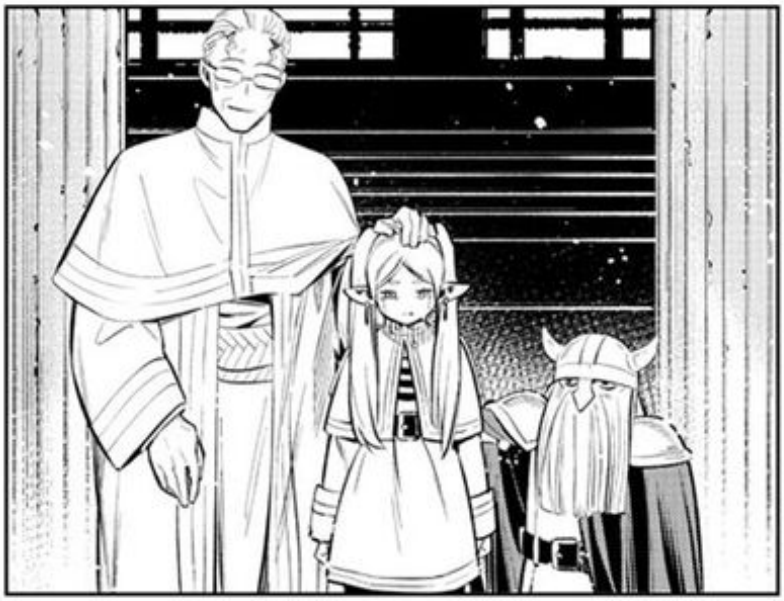
Now now, we have not been, either.

...But I... don't know a thing about this man...

I simply travelled together with him for ten years...

...Even though I knew a human's lifespan is short...
...Why did I never think about getting to know him more...?

Don't stroke my head...



You two should show your face more.
Since this may be your last chance.

Well then, I think I will return to the Holy City as well.

Hahaha.
It seems my years of chronic drinking have caught up to me.
God is smiting you.

Are you ill?

...You aren't afraid of death, Heiter?

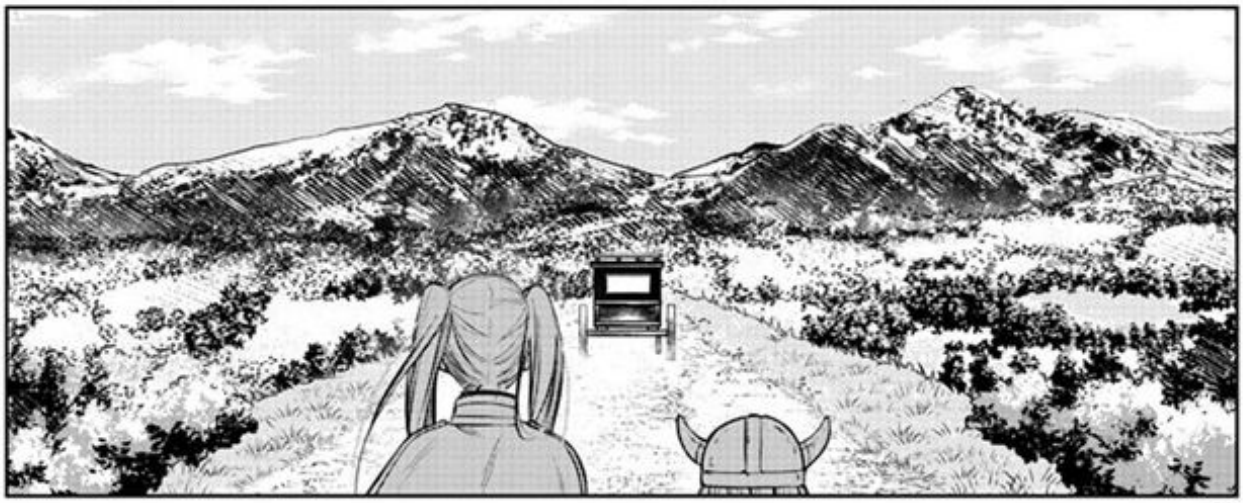
If you ever stop by the Holy City,
please offer my grave some alcohol.

It is for that sake
that I chose to fight alongside you people.

We are the hero party that saved the world.
We will definitely live luxuriously up in Heaven during our afterlife.

Now then,
if you would pardon me.

...You Corrupt Priest.
Hahaha.



I should get going now too.

Well then.

I think I am going to get to know humans better as well.

On your voyage to acquire magic?

Yes. Well that's one thing, but...

Also, there's something I'd like to ask of you...

I'm a mage, so...

It would be a great help to have a powerful vanguard with me.

Is that so.

Please forgive me.

I'm no longer at an age capable of wielding an axe.

...Is that so.

Surprisingly, the days pass by slower once you grow old.

Don't be so surprised, Frieren.

Yeah.
Farewell.

Well then, farewell.
Eisen.
